**Depart: – Omaha –7:30 A.M.**

This will be our fourth annual trip to Deadwood, SD to participate in the 2018 Black Hills Ski for Light event. This year we will be overnighing on Chadron, Nebraska on Saturday evening to make sure we get to Deadwood in time for the orientation and have a little time to relax. All the folks that joined us on this fun-filled excursion in 2015, 2016 and 2017 are excited about the possibility of going again in 2018! Our thanks to all who thus far have helped us financially to have an experience of a lifetime.

As organizers of the bus transportation we can tell you first hand that this program, which is designed to give blind and physically challenged individuals the opportunity to participate in outdoor activities, is like no other. We want to share this experience with others and have found that the biggest reason for not participating is due to the inability to find and afford transportation to attend the event. Besides the financial assistance that is needed there are two other ways to participate:

1. There is still space available for folks with sighted and physical challenges to come along. So if you know anyone who might enjoy this experience please have them contact Kathy or Ward at the number below.
2. If you (or you know someone else who may) want to volunteer as a downhill, cross country ski guide, or snowshoe ski guide, assist the handicapped with the Mountain man sled or maybe watching the guide dogs, have them contact us soon.

Check out the recently updated web site describing the event at [www.bhsfl.org](http://www.bhsfl.org).
